MQRIC Notice 2: Validation of Careworker Certificates

MQRIC informs that holders of non-accredited or expired care worker certificates may obtain validation of their informal and non-formal learning in care work. The care work occupational standards are pegged to MQF level 3 and can be accessed on the NCFHE website (<https://ncfhe.gov.mt/en/services/Documents/Care%20Worker%20Level%203.pdf>) , and in order to obtain recognition for your experience in this sector kindly refer to the trade testing at Jobsplus who are in charge of the validation assessment in this sector. More information on this can be obtained from: <https://jobsplus.gov.mt/training-opportunities/trade-testing-system>.

MQRIC further informs that the following Philippines qualifications awarded by TESDA:

- National Certificate II in Health Care Services
- National Certificate II in Care Giving

which have not yet expired, are now rated as 'Comparable to MQF 3' up till their date of expiry.
